

SECTION 1 - PRODUCT AND COMPANY IDENTIFICATION

Product identifier/Trade name: MIRAGE 25

Product use/Description: Floor finish

Supplier identifier: INO SOLUTIONS®
C.P. 1932 Montréal QC
H1J 3A1
1.888.ino.solu (466-7658)

Manufactured for: INO SOLUTIONS®
C.P. 1932 Montréal QC
H1J 3A1
1.888.ino.solu (466-7658)

SECTION 2 - COMPOSITION / INFORMATION ON INGREDIENTS

Ingredients	CAS #	% (weight)	ACGIH TLV	OSHA PEL
Diethyleneglycol monoethyl ether	111-90-0	1 - 5	N/A	

SECTION 3 - HAZARDS IDENTIFICATION

Emergency Overview

Milky white liquid, characteristic odour. CAUTION. May cause moderate eye and mild respiratory and skin irritation.

POTENTIAL HEALTH EFFECTS (for more details, refer to Section 11)

Primary entry route(s): Eye, skin, inhalation and ingestion.

Eye: May cause irritation.

Skin: Direct, short-term skin contact may cause little or no irritation.

Inhalation: Breathing high levels of mist coming from product may cause respiratory irritation.

Ingestion: No known effect but not advisable.

Long-term (chronic) exposure: Prolonged contact with the product may cause dryness, slight irritation.

Conditions aggravated by exposure: None expected.

Carcinogenic status: See TOXICOLOGICAL INFORMATION, Section 11.

Additional health hazards: For further information, see TOXICOLOGICAL INFORMATION, Section 11.

Potential environmental effects: See ECOLOGICAL INFORMATION, Section 12.

SECTION 4 - FIRST AID MEASURES

Inhalation:

Bring the person to fresh air. Seek medical attention if discomfort persists.

Skin contact:

Rinse with water. Remove soiled clothes and wash before wearing. Seek medical attention should an irritation develop.

Eye contact:

Immediately rinse with plenty of water for 15 minutes, keeping eyelids open. If irritation persists seek medical attention immediately.

Ingestion:

If conscious, give plenty of water. Never give anything by mouth if the person is unconscious. Do not induce vomiting. Seek immediate medical attention.

SECTION 5 - FIRE FIGHTING MEASURES

Fire hazards/conditions of flammability:

Not flammable under normal handling conditions. Closed containers may rupture if exposed to flame due to a build-up of internal pressure.

Flash point (Method): None

Lower flammable limit (% by volume): N/Av

Upper flammable limit (% by volume): N/Av

Explosion data - Sensitivity to mechanical impact: Not sensitive.

Explosion data - Sensitivity to static discharge: Not sensitive.

Auto-ignition temperature: N/Av

Suitable extinguishing media:

Use media appropriate to surrounding fire.

Special fire-fighting procedures/equipment:

During a fire, irritating smoke and fumes may be generated. A self-contained breathing apparatus is required for fire-fighting personnel to protect themselves from irritating products produced during the combustion. Move containers from fire area if it can be done without risk. A stream of water directed into the product generates a lot of foam.

Hazardous combustion products:

Oxides of carbon, and other irritating gases.

SECTION 6 - ACCIDENTAL RELEASE MEASURES

Personal precautions:

Wear adequate personal protective equipment (See Section 8).

Spill response/Cleanup:

Wear personal protective equipment. Stop the leak if you can do so without risk. Pump the product into drums for disposal; or clean up spills using absorbent material and place in waste container for destruction. Resume cleaning by rinsing with water.

Environmental precautions:

Product contains about 0.1% of elemental phosphorus.

Prohibited materials: N/Av

Special spill response procedures: N/Av

SECTION 7 - HANDLING AND STORAGE

Safe handling procedures:

Before handling, it is important that engineering controls are operating and that protective equipment requirement and personal hygiene measures are being followed. People working with this chemical should be properly trained regarding its hazards and its safe use. Inspect containers for leaks before handling. Label containers appropriately. Avoid contact with skin, eyes and clothing. Keep away from heat and flame. Keep containers closed when not in use. Do not use with incompatible materials such as strong oxidizing agents.

Storage requirements:

Store in a tightly sealed container, in a well ventilated room between 10°C and 30°C. Do not store with food products. Keep from freezing.

Special packaging materials: N/Av

SECTION 8 - EXPOSURE CONTROLS AND PERSONAL PROTECTION

Engineering controls:

No special ventilation. Normal room ventilation.

Respiratory Protection:

Not required under normal applications.

Skin protection and other protective equipment:

If any possible contact with skin is desired, wear gloves. Wear waterproof boots for prolonged contact with spills.

Eye / face protection:

Wear protective safety goggles to manipulate large quantities.

General hygiene considerations:

KEEP OUT OF REACH OF CHILDREN. Avoid contact with eyes. Never eat, drink, or smoke in work areas. Practice good personal hygiene after using this material.

Permissible exposure levels: For individual ingredient exposure levels, see Section 2.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Physical state, colour and odour: Milky white liquid, characteristic odour.

Odour threshold: N/Av

pH : 6 - 8

Boiling point: Approximately 100 °C

Melting/freezing point: Approximately 0 °C

Vapour pressure: Approximately 20 mm Hg (water)

Solubility in water: Disperses.

Coefficient of oil/water distribution: N/Av

Specific gravity or density (water = 1, at 4 °C): 1.0 g/cm³ @ 20 °C

Vapour density: Approximately 0.6 (water)

Evaporation rate: Approximately 0.4 (water)

% volatile by volume: Approximately 80%

Viscosity: < 100 cps @ 18 °C

SECTION 10 - REACTIVITY AND STABILITY DATA

Stability and reactivity:

Stable at room temperature, in normal handling and storage conditions.

Polymerisation: Hazardous polymerization will not occur.

Conditions to avoid:

Avoid strong oxidizing agents.

Materials to avoid:

Avoid strong oxidizing agents.

Hazardous decomposition products:

None known.

SECTION 11 - TOXICOLOGICAL INFORMATION

Toxicological data: The calculated LD₅₀ for this product is greater than 2,000 mg/Kg, oral, rat; our products are not tested on animals.

For more details, refer to Section 3.

Carcinogenicity: No ingredient listed by IARC, ACGIH, NTP and OSHA as a possible carcinogen.

Teratogenicity, mutagenicity, other reproductive effects: None of the ingredients are teratogens or mutagenic

Skin sensitization: None of the ingredients are skin sensitizers.

Respiratory tract sensitization: None of the ingredients are respiratory sensitizers.

Synergistic materials: No known synergistic materials.

Other important hazards: N/Av

SECTION 12 - ECOLOGICAL INFORMATION

Environmental effects: Product is expected to be readily biodegradable as per OECD 301D.

Important environmental characteristics: Product is expected to be readily biodegradable as per OECD 301D.

Aquatic toxicity: There is no test data on this product.

SECTION 13 - WASTE DISPOSAL

Handling and storage conditions for disposal:

Store material for disposal as indicated in Handling and Storage (Section 7).

Methods of disposal:

Dispose according to existing federal, provincial and municipal regulations.

SECTION 14 - TRANSPORTATION INFORMATION

Transportation of Dangerous Goods (TDG) in Canada :

Proper shipping name: Not Regulated

Class:

N/Av

Identification number: N/Ap
 Packing group: N/Ap
 Special case: N/Ap

SECTION 15 - REGULATORY INFORMATION

WHMIS information:

Product is regulated according to the Controlled Product Regulation (CPR) in Canada. This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and this MSDS contains all the information required by the CPR.

WHMIS Classification: D2B – Toxic Materials with other effects

CEPA information: Ingredients are listed on the DSL inventory.

Other information:

HMIS: 0 Minimal 1 Slight 2 Moderate 3 Serious 4 Severe

Health Hazard: 1

Fire Hazard: 0

Reactivity: 0

Personal Protection: (See section 8.)

NFPA: 0 Minimal 1 Slight 2 Moderate 3 Serious 4 Severe

Fire Hazard: 0

Reactivity: 0

Specific Hazard: None
